REPORT OF THE BUILDING INSPECTOR

As we close the year for 1967 we again find Chesterfield growing in the trend for new homes. Eleven permits were issued for permanent homes. Our summer, or seasonal homes were in sharp decline. Only five permits were issued, which was one-half the permits issued in 1966. Three garages and one barn permit were given. Nineteen permits were issued for alterations and additions.

At this writing one violation is being enforced, and will be in the court before this report is published.

To the great majority who have so willingly cooperated we say thank you.

REPORT OF THE CHESTERFIELD LIBRARY

1967 has been a busy year at the Chesterfield Library. The library has now become a part of the state Affiliated Library program. This will enable us to purchase our books through the central purchasing service and receive a greater discount. We will also receive \$100.00 per year from the state to purchase reference books. The books for 1968 have already been ordered and will be on the reference shelf shortly.

Some of the figures I quoted last year were incorrect so this year will show sets of figures as a comparison.

	1966	1967
Adult		
Non Fiction	769	1002
Fiction	3978	4002
Childrens	3341	4168
Total	8088	9172

We served approximately 180 childddren and 126 adults. The Bookmobile made five calls and we used 3736 books from the Bookmobile. 191 new books were purchased. One display was set up at a P.T.A. meeting. 129 books were given as gifts. We are very grateful for these books and wish to thank all people who gave books. \$39.84 was collected in fines for overdue books. Overdue books and lost books are still a problem.

It has been a pleasure to serve as libraian the past year. Thank you to all who have made the job a pleasure rather than a task. We look forward to serving you this year.

CHESTERFIELD SCHOOL LUNCH PROGRAM REPORT

July 1, 1966 To June 30, 1967

The goal of the National School Lunch is "to safeguard the health and well being of the nations children"

The need for contributing to the adequacy of children's diets has been met by providing a School Lunch planned to supply a great part of the student's daily nutritional requirements. School administrators and health workers recognize the fact that school lunch can be used as a means of promoting nutrition education. It gives children the opportunity to know and like foods that they have not seen or eaten before.

It is the hope that real progress will result from a serious, determined effort on the part of all school people and parents to exploit the great potential of school lunch services.

The Hot Lunch Program opened September 12, 1966, with Mrs. Louise Scharles as Manager and Mrs. Marion Berry as her assistant.

The reimbursement rate from Federal Funds remained at 4c for each Type A meal served to children. Surplus Commodities received from the government made it possible to keep up the old price of thirty cents for children and thirty-five cents for adults.

Under the Special Milk Program, we received four cents reimbursement for each half-pint of milk served, so children could buy milk for two cents each half-pint.

About 200 to 225 balanced meals are served daily.

Menus of the School Lunch Program are made up in advance for the entire month and copies are given to each child and teacher; thus the parents know what the children are eating each day.

Thanksgiving Day Turkey Dinners with all the trimmings were served.

The Hot Lunch Program was managed without financial help from our township.

Respectfully Submitted,

Mrs. Louise Scharles

Monadnock Children's Special Services Center

Many of you are familiar with the Monadnock Children's Special Services Center because of the information provided to you last year, either in the form of town reports or in notices sent home by the school to you as parents, or as interested board members. I would just like to review this briefly with you, and then tell you some of the activities that are in progress within the Center and within the four supervisory unions served by the Monadnock Children's Special Services Center.

The Center, established under a Title III grant from the U.S. Government, diagnoses, evaluates, and provides follow-up activities for children with learning problems which make it difficult or impossible for them to function in the present classroom situation. This service is free to all

school children in the four school systems of Cheshire County. It has a well qualified staff who bring experiences from different parts of the country and includes two full time psychologists, one full and two part time social workers, one full and four part time educational consultants, three part time speech therapists, and consultants of pediatrics, neurology, and psychiatriy.

As of October 31, 1967, the Keene Supervisory Union with its related towns, sent in 138 referral forms in which they requested specific answers to problems relative to a child. The majority of these children have been evaluated, conferences have been held at the Center with parents and teachers, and many of the children are now receiving periodic visits from members of the Center staff. The educational consultants go to the school and talk with the teacher and we also provide and remedial or diagnostic support that we can obtain. In many cases, we have made recommendations that children be changed to another class or another situation, so they will realize their maximum growth in the school. School personnel have been most willing to cooperate in following our recommendations. The parents provide helpful background information, and are receptive to suggestions made at the time of parent conferences.

The Center is providing speech therapy programs and has had workshops for teachers at the Center to explore new techniques and to inform them of additional resource materials available. Much of this material is on display at the Center.

ANNUAL SCHOOL HEALTH SERVICE REPORT

CHESTERFIELD SCHOOL DISTRICT

1966-67

The aims of a school health program are threefold.

One - To protect and ensure the student's health

Secondly - Demonstrate, teach and establish good health habits

Thirdly - Ultimate goal being: A healthy child is better able to attain his full potential.

These aims and goals of our health program are accomplished through health services available.

1. Physical exams - every student every 2 years except 7th and 8th grade boys participating in sports these are examined each year.

2. Urine test - done in conjunction with physical exams.
3. Vision Tests - on every student each year.
4. Hearing Tests - on 1st, 3rd, 5th, 7th grade, plus others appearing to have difficulty.
5. Immunization clinics: These are conducted for pre-school, school youngsters, and adults to enable our population to receive needed boosters or series.
- A. The vaccine made available: Diphtheria, Whooping Cough, Tetanus, Oral Polio (Trevalent), Smallpox Vaccination and Measles Vaccine.

Clinics were held April and June 1967.

Total number participating - Students	43
Pre-School	11
Adults	6

- B. Flu Vaccine was made available by Dr. Houpis at a small charge, covering the cost of the vaccine. This clinic was conducted Dec. 1966 administered Flu Vaccine to 20 students and 4 staff.
6. Sterneedle Tuberculin Skin Testing was conducted in May 1967 in grades 1, 3, 5, and 7 with a total of 92 students and 8 staff were tested.

Referral Clinics Used:

1. Chest Clinic (follow-up Tuberculin Tests)
Number participating - students 15
adults 9
2. Monadnock Children's Special Services Center
Nov. 1966 to May 1967 - Students 9

The overall health of the school population remained fairly good even though there were many cases of Mumps and a few cases of German Measles.

The School Health Program is interested in the health of the child, but would not be effective were it not for the cooperation and patience of you the parent and our teachers.

PRINCIPAL'S REPORT

To the Citizens of Chesterfield:

On September 6, 1967 Chesterfield School opened with an enrollment of 302 students, as compared with 295 students in September of 1966. We presently have 294 students and will undoubtedly have over 300 by the end of the school year.

This year we have eliminated the use of the auditorium

as a classroom at the expense of having one large first grade instead of two smaller ones. To compensate for the large first grade, we have employed a teacher's aid. We also have large second, fourth and eighth grades. The other grades are at or near a ratio that is ideal and is recommended by the State Department of Education. We are anticipating an enrollment of 36 students in grade one for next year. Thus, the trend appears to be set for larger classrooms in the future unless some type of building program is undertaken to relieve the situation. We are now able, however, to use the auditorium for educational activities.

Title I

The Title I Project under the Federal Act of 1965 is again being continued. However, due to a cut in appropriations we have had to modify the program. Mrs. Doris Parker is continuing as the teacher on a half day basis, but she is working with a smaller number of children in grades one through three and only in the areas of reading and phonics. By necessity, arithmetic has had to be discontinued. Despite the limitations placed upon the program it is proving to be of valuable help to the students attending.

Faculty

We are faced again this year with the problem of a large turnover of teachers that has been present for the past several years. We now have a staff of 12 teachers, seven of which are new. Through the efforts of Mr. Belavance and Mr. Cusick we have been fortunate in finding capable replacements.

The following teachers are new to Chesterfield this year: Miss Beverly Kovacs in grade three, Mrs. Marilyn Jarvis in grade 4, Miss Lois Jacobson in grade 6, Mr. Samuel Hackler in grade 6, Mrs. Rosemary Ryll in grade 7, Mr. James Fletcher in grade 7, and Mrs. Joan Hurst in grade 8. Mrs. Doris Lemnah is working with Mrs. Lysitt as a teachers' aid. Miss Kovacs and Mrs. Hurst return after teaching in another community last year.

We are very fortunate in having Mrs. Lysitt in grade 1, Mrs. Scruton in grade 2, Mrs. Fuller in grade 3, Mrs. Haviland in grade 5, and Mrs. Dunn in grade 5 return for another year.

Supervisory Union

Effective July 1, 1967, Chesterfield became a part of the Keene Supervisory Union No. 29. Through the efforts of Mr. John Day, Superintendent, and Mr. James Cusick, Assistant Superintendent the changeover was smoothly performed.

Due to the fact that our high school students attend Keene High School and that there is a close and cooperative relationship within the new Supervisory Union, I feel that our students will benefit considerably in the future.

What Are Our Needs For The Future?

Education is continually on the move. New developments, such as new methods, materials, and equipment are constantly arriving on the scene. We must continually study these to see which best suit our needs.

We need more facilities, such as classroom space, library space, an audio-visual center, physical education space, larger kitchen, and more and larger storage space.

Our Curriculum needs to be studied and revised continually and expanded to include an art, and guidance program. Music and physical education programs should be expanded.

Teachers are the most important phase of our education program. We must attract quality teachers and retain those that we have. Large turnover of teachers that we are accustomed to must be eliminated. To do this we must not only offer pleasant working conditions, ample supplies and equipment, but we must compensate them in a manner that will allow us to remain competitive within the area.

We need to provide educational opportunities not only for the average student but for the gifted and the students who have handicaps. To accomplish this we must have the services of specialized professional people and the necessary facilities.

We can accomplish this in two ways - Employing here at the school what is needed and is reasonable and also through the cooperation of other schools within the Supervisory Union.

I wish to take this opportunity to express my thanks to the pupils, teachers, parents, board members, citizens, and administrators for their assistance and cooperation during the year.

January 25, 1968

John R. Goodwin

ASSISTANT SUPERINTENDENT'S REPORT

TO THE BOARD AND CITIZENS OF CHESTERFIELD

It is with pleasure that I submit this, my first annual report, as Assistant Superintendent of Schools.

As most persons are now aware the Chesterfield School District and four other towns have joined together with the city of Keene to form a new Supervisory Union for purposes of state supervision and administration. Each of the six communities contribute a share to the support of the Superintendent's office, determined by the valuation of taxable property and the pupil enrollment. Chesterfield's share in 1968-1969 will be 6.47%.

Annual maintenance projects continued in your school this year, including new lighting in the corridor of the original building, re-tiling one classroom floor, installation of a new sink and new stove, a new sewer line, and others. Projects of this type seem to be never-ending, but the old adage "an ounce of prevention is worth a pound of cure" certainly applies to this area of plant maintenance.

Preparation of the budget for the 1968-69 school year was begun by the teachers and principal early in November of 1967. They spent much time and effort, and since then the administrators and board members have carefully reviewed and revised it. Although the increase is substantial at first glance, much is caused by an almost \$17,000 increase in High School tuition alone. One additional elementary teacher is also proposed, and this cost, added to the tuition, account for about three-quarters of the total increase.

Again this year, as in several past years, the teaching staff is made up of a majority of new teachers to Chesterfield. Recruitment is highly competitive, and teacher-turnover takes its toll on the quality of education.

The proposed amount of money does not merely pay thirteen teachers but principal, secretary, music supervisor, teacher-aide, and substitutes as well.

Teachers everywhere are successfully requesting and receiving not only higher salaries, but fringe benefits and established salary schedules as well, so that they will be able to foresee their financial future. This is a costly expenditure, but the most important educational expense we have, and presents an area for all of us to face up to a course of action for Chesterfield.

I would be remiss if I did not mention the fine work of supporting staff members: Mrs. Davis, Custodian; Mrs. Scharles and Mrs. Berry, Cafeteria; Mrs. Chickering, Nurse, and Mrs. Zuccale, Secretary.

I have found the teaching staff to be quite effective, knowledgeable, capable, understanding, and cooperative. Space permitting, each would deserve a paragraph of commendation. Suffice it to say that they are deserving of community support, and have my thanks and appreciation for not only their teaching but for assisting in bringing about smooth transition to the new Supervisory Union.

In closing may I express my sincere appreciation to all residents for their understanding and cooperation. Chesterfield has a school in which citizens may take justifiable pride. I look forward eagerly to continued educational work in the community.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M. -5:00 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material - use the ashtray.
